

Spring 2007 Neighborhood Enhancement Partnership Program

Learn how your neighborhood can explore funding opportunities that can assist in neighborhood-based improvement projects.

Neighborhood Enhancement Partnership (NEP) Program - Orientation Workshop

The Neighborhood Enhancement Partnership (NEP) program was developed to provide funding from the city to encourage neighborhoods to partner with the city in taking action to maintain and/or revitalize their surroundings.

The NEP program helps to prevent the decline of mature neighborhoods by encouraging property owners to enhance their own neighborhoods. NEP provides on-going funding opportunities that can assist in neighborhood-based improvement projects. Improvements/enhancements must benefit the entire neighborhood (Note: applications for individual homes are not included in this program).

The program seeks to preserve and promote all Scottsdale neighborhoods by ensuring that mature neighborhoods are equipped to address emerging or future neighborhood needs that do not exist in newly established neighborhoods. By encouraging neighborhood participation and investment, it is the program's objective to address individual neighborhood needs.

Two classes are offered for your convenience:

- Thursday, March 8, 2007
Human Resources Building, Pinnacle Conference Room, 7575 E. Main St.
6:30 p.m. – 8 p.m.
